# Not Just Planting Trees, Rebuilding Forests.

Since day one, a portion of every sale has gone to restoring Hawaii's native koa forests, giving back to the people and place that got us surfing swell, sidewalks, and snow. 600,000 Trees and Counting...

# Forest TO Forest

Arbor was founded to build the most mindfully crafted snowboards and skateboards possible. Since day one, we have used sustainable, environmentally friendly forest products to achieve this objective. We've also donated a portion of every sale to the restoration and preservation of endangered forests. Arbor will continue to stand by our original commitments:

# Ace Pelka Pro Decks

Unconventional street skater Ace Pelka, best known for tight slappies and wall rides. Seamless grinds and stylish, all-terrain lines.

## KRISTINA DARMAEVA

Kristina Darmaeva is a Berlin-based tattoo artist known for her intricate blackwork style. Her work blends fine art influences with classic European tattooing, balancing delicate linework and bold contrast. Inspired by mythology, dark folklore, and nature, her designs pulse with movement, rich symbolism, and engraving-like textures, bringing each subject to life.

# Bamboo Collection

Arbor adopted bamboo early on, and each year we highlight its connection to culture, sustainable design, and performance

### ARTIST COLLECTION – SUSTAINABLE CANADIAN MAPLE

A collaboration with artist Boss Dog that reflects the mystical, high-desert energy of Joshua Tree, where these bold commentaries on universal truth came to life. Mikey and Sam are a husband and wife team that use Boss Dog as an outlet to communicate positive messages about mental health, staying socially aware, and remaining true to one's values.
