

Dinosaur jr.
by
Color Bars®

I first discovered Dinosaur Jr. through the Alien Workshop video *Memory Screen* in 1991. I was 11 years old. The music hit me immediately. It felt raw, honest, and different — and in a strange way, it made me feel more in tune with myself.

Bringing this officially licensed collection to life means a lot to us. We chose to highlight Dinosaur Jr. artwork that we are personally connected to — presenting it in a differentiated way. The focus is authenticity and quality.

Our tees are 7.5 oz premium heavyweight, oversized fits. The fabric, drape, and finish feel substantial — the kind of garment you keep and wear forever.

Additionally, we have a few Color Bars pieces that are inspired by vintage bumper stickers. Thanks for checking everything out!
